2. Have you made use of ecodesign tools before? Do you (already) apply or develop circular design applications in your work?

3. Please give us a short feedback on the Train the Trainer workshop/seminar (Audit-Sprint and Q&A session). Any “step” that worked out particularly well for you? The most precious insight, input or advice? Where would you like to dig deeper? What did you miss?

4. Will you seek further practical training to get started applying the Audit-Sprint-tool?

[Empty response area for question 4]

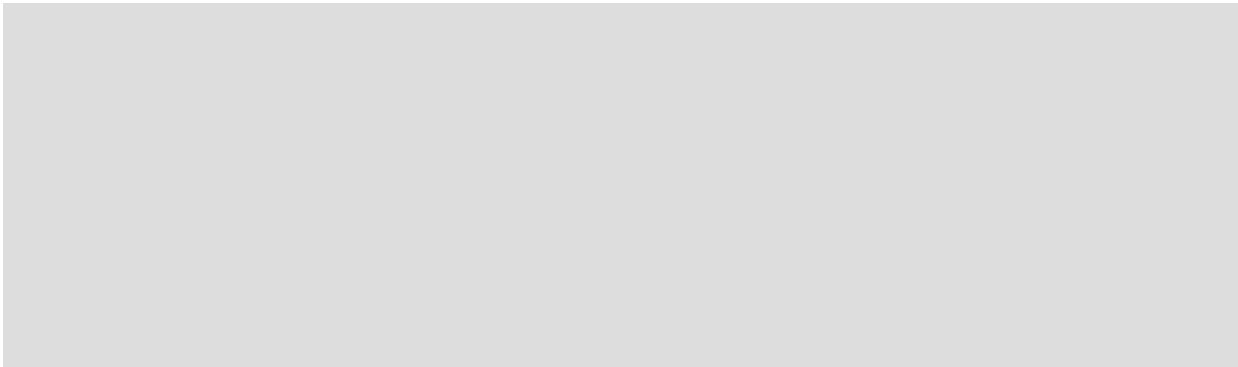

5. How would you describe the outcome of the Train the Trainer workshop/seminar from your perspective (as designer, as entrepreneur and/or as environment expert) in one sentence?

[Empty response area for question 5]

6. Anything you want to add? Any good advice for us for improvement? Any good example or initiative you want to name?

[Empty response area for question 6]

7. Last, but not least, do you want to become part of our Ecodesign network/want to be kept in the loop for further info? Yes/no? If so, we will get in touch with you again via ecodesign-circle@idz.de
